EXPERIENCE

NanoNet Technologies Inc.

Aug 2021 – Nov 2021

Software Intern

- Published two Node.js SDKs on npm for their OCR and Image Classification REST APIs.
- Migrated their API specification from Swagger 2.0 to OpenAPI 3.1.0.
- npm packages: [OCR](#) | [Image Classification](#)

GRT Global Logistics Pvt. Ltd.

Dec 2019

Software Testing Intern

- Tested ERP software.

PROJECTS

Git Graph | [React.js](#), [GitHub Pages](#) | [Web app](#), [GitHub](#)

Jan 2022 – present

- A web app to visualize the graphs that Git creates to connect Commit, Tree and Blob objects internally.
- Takes an existing repository to generate graph visualizations for local branches and allows highlighting specific commits.

Git Internals | [Asciidoctor Jet](#), [GitHub Pages](#) | [PWA](#), [GitHub](#)

May 2020 – present

- A PWA documenting and explaining the internals of Git.
- Explains the contents of the `.git` directory, the connections between Commit, Tree and Blob objects, and the need for Packfiles.

OTC CatchUp | [HTML](#), [CSS](#), [JS](#), [Asciidoctor Jet](#), [Shell](#), [Deta](#) | [Web app](#), [GitHub](#)

Sep 2021 – present

- Created a web app for managing weekly OTC CatchUp Tech discussion sessions.
- Hosts session summaries created using Asciidoctor Jet and manages session joining links using Deta Base.
- Currently helping manage active Open Source contributions to the project.

HPS Gems | [HTML](#), [CSS](#), [JS](#), [PHP](#), [MySQL](#), [Heroku](#) | [Web app](#), [GitHub](#)

Oct 2020 – Dec 2020

- A JAMstack e-Commerce CRUD web app for selling raw gemstones.
- Users can add items to their cart, place orders and view their shopping history and profile.
- Uses the Fetch API to connect with the PHP API and uses the Web Components API to optimize rendering products.

COMMUNITY ACTIVITY

Our Tech Community (OTC) | ourtech.community

Jan 2020 – present

Organiser

- Started a Tech-loving open-to-all community with 400+ current members.
- Hosted 600+ hours of weekly [OTC CatchUp](#) sessions involving technical discussions, project showcases and talks.
- Organised an in-person [OTC MeetUp](#) event with 60+ attendees.

Talks | talks.harshkapadia.me

Jun 2020 – present

- Impacted 700+ people in 17+ talks and workshops at various technical meetups.
- Conducted an in-person workshop on [The Internals of Git](#) at TechTogether Boston 2022.
- Gave talks on [Git basics](#), [Git internals](#) and [GitHub Actions](#) for GDSC TSEC with 200+ participants.

GitHub Campus Expert
